PROFESSIONAL EXPERIENCE

DSV - Inventory Counter / Warehouse Operator **Mar 2025 - Aug 2025, Apr 2026 - Present**
Sydney, NSW

- Maintained 99%+ inventory accuracy across a 10,000+ SKU warehouse through daily cycle counts, weekly stocktakes, and WMS reconciliations in CargoWise and SAP.
- Received, verified, and processed 150+ inbound freight shipments weekly against purchase orders, packing slips, and manifests.
- Operated counterbalance forklift and pallet jack to relocate 300+ pallets weekly to designated bin locations in line with slotting plans.
- Picked, packed, and staged 200+ outbound orders daily using RF scanners and voice-pick technology to meet dispatch deadlines.
- Processed 40+ customer returns weekly, including condition checks, relabelling, and WMS updates, while managing quarantined and damaged stock per SOPs.
- Applied WHS procedures across daily operations, contributing to zero lost-time injury incidents through proactive hazard identification and risk reporting.
- Completed 100% of scheduled daily pre-start safety checks on forklifts and powered equipment.
- Handled dangerous goods stock in full compliance with site safety procedures.

Nippon Express - Amazon Division | Problem Solver **Feb 2026 - Apr 2026**
Sydney, NSW

- Conducted structured stock audits across 5+ fulfilment centre zones to identify and resolve inventory discrepancies.
- Managed freight intake, stowing, and receiving workflows for 1,000+ units daily, supporting cycle counts and shrinkage control.
- Improved process flow during high-volume dispatch periods, supporting a measurable increase in throughput during peak operations.
- Escalated 20+ discrepancy findings weekly to operations management with clear reporting and analytical problem-solving.

Skillojo - Project Manager Intern **Aug 2025 - Oct 2025**
Remote

- Coordinated deliverables and milestone tracking for an 8+ person distributed remote team across a 3-month engagement.
- Wrote SQL queries in PostgreSQL to extract, join, and transform 5,000+ row datasets, producing weekly reports used by project leadership to track milestone velocity.
- Maintained structured progress documentation across 10+ project milestones and consolidated lessons learned for leadership review.
- Recognised by supervisor for communication, teamwork, and 100% on-time delivery across all assigned milestones.

Amazon - Assistant Onsite Consultant **Nov 2024 - Jan 2025, Nov 2025 - Jan 2026**

Sydney, NSW

- Served as the sole Business Analyst/HR liaison for 200+ operational associates across three shifts, resolving 15-20 workflow escalations per shift within a 30-minute SLA.
- Conducted 50+ performance discussions and maintained incident documentation in line with workplace standards.
- Modeled and coordinated 48-hour advance rostering across four shift leads and 200+ associates, reducing coverage gaps by proactively identifying resourcing conflicts 24+ hours before shift start.
- De-escalated 15+ associate concerns weekly to support a productive workplace culture.

Krisper - Sales Lead

Feb 2023 - Jan 2025

India

- Managed a B2B pipeline of 50+ accounts across wholesalers, retailers, and distributors, consistently achieving monthly revenue targets through structured CRM tracking and quarterly forecasting.
- Built and retained 30+ client accounts through relationship management and quarterly business reviews.
- Conducted market and competitor analysis across 5+ product categories to identify growth opportunities.
- Negotiated pricing and contracts for 20+ accounts annually while coordinating with supply chain teams for on-time fulfilment.

EDUCATION

Macquarie University - Master of Management, Business Administration (Business Analytics)

Sydney, NSW

- Specialisation in Business Analytics, Project Management, and Organisational Strategy.
- Professional placement in project management with business analysis, stakeholder reporting, and process improvement experience.
- Relevant coursework: Data Analytics, Business Intelligence, Stakeholder Management, Strategic Planning.

Kurukshetra University - Bachelor of Commerce, Business, Management & Marketing

Haryana, India

- Core study in financial accounting, commercial law, marketing strategy, and business operations.
- Awarded Certificate of Appreciation for academic excellence at COMMO-FEST (E-Quiz), RKSD (PG) College, Kaithal.

SELECTED PROJECTS

Supply Chain Fulfilment Analysis (SQL, SQLite) - Diagnosed a 17.3% order-shortfall rate using 8 SQL queries across inventory and dispatch tables; confirmed supplier lead-time mismatch and weekday demand spikes as root causes. github.com/Aakash-Ravish/Supply-Chain-Fulfilment-Analysis

North Star - Mental Health Companion App (Next.js, React, Claude API) - Built a full conversational wellness app with mood-reactive UI, journalling, streak tracking, and local-only data storage. github.com/Aakash-Ravish/north-star

Tableau Sales Performance Dashboard - Published an interactive Tableau Public dashboard from raw sales data covering 12+ months for executive and operational reporting. github.com/Aakash-Ravish/Sales-Dashboard-Tableau

Spotify Streaming Data Analysis (SQL) - Used SQL window functions, joins, and aggregations across 10,000+ rows to analyse streaming trends. github.com/Aakash-Ravish/Spotify

Excel Sales Dashboard - Built an interactive Excel dashboard for data cleaning, transformation, and visualisation with 5+ pivot tables and charts. github.com/Aakash-Ravish/Vrinda-Store-Report
